

Dear Haven,

Sorry it took me so long to write but as you can see I have been very busy in my new life at Fort Myers Beach, Florida. My new *boy*, well he is just swell! He takes me and my new sister and her friend on boat rides most every evenings. The Alpha comes too, we all do what she says, even my boy! She walks all of us every morning on the beach, and then it is nap time. I have my own bed, bowl, lifejacket, a collar and a harness! and my own toys.

My new friend likes to chase me around the big wet blue hole and her name is Nikki, my sister's name is Domino. She likes to chase squirrels in the preserve out back.

It wasn't all fun and games at first. I spent 7 days in the hospital to get rid of my heart worms and my boy stopped by everyday to visit me. I had to keep still for along time but I am feeling so much better now. I will have my last shot on January 5, and then I will be done with my pills that I have been taking every day with a treat.

Domino and I have sleep overs at Nikki's sometimes, Nikki's Alpha is very nice and she spoils all of us with steamed green beans and carrots and I'm afraid some other goodies, but not tell my Alpha,(I think she's on to us though)

Well, I hope you enjoy my pictures of my new "girl" pack, and don't worry about me, I am in good hands.

Me and my *boy* will stop in the next time my pack is in Fairhope visiting their pack.

Thank you Mat and everyone that took care of me in Fairhope at The Haven, it was the best Thanksgiving a dog could beg for!

Sincerely,  
Grace Ross
